Approved For Release 2008/12/30 : CIA-RDP78B03824A000300030040-7

## PAGE 2

## OCCUPANCY

THREE SITE SETS OF SA-2 EQUIPMENT WERE EVIDENT AT SHAN

TAN AREA B. ONE SET EACH WAS AT SITES A, B, AND C. IN THE LATTER HALF OF

1969, ONLY TWO SETS WERE EVIDENT DESPITE THE AVAILABILITY OF THREE IMPROVED

LAUNCH SITES, ONE OF THEM RECENTLY UPGRADED. IN DECEMBER NO LAUNCH EQUIPMENT

WAS PRESENT.

## CONSTRUCTION

THE SAME STATUS AS SITES A AND B, WITH THE ADDITION OF REVETTING AROUND THE TWO EXISTING LAUNCH POSITIONS AND THE CONSTRUCTION OF FOUR UNREVETTED LAUNCH POSITIONS. SINCE THAT TIME, LAUNCH SITE C HAS BEEN ALLOWED TO DETERIORATE SOMEWHAT.

IN EVALUATING THE SIGNIFICANCE OF THE CONSTRUCTION AT TRAINING AREA B,

WE HAVE REGARDED THE BARRACKS BUILDINGS BUILT DURING LATE 1968 AND 1969 AS

AN IMPROVEMENT OF ACCOMMODATIONS RATHER THAN AN EXPANSION OF THEM. THE SPACE

AVAILABLE IN THE NEW PERMANENT BARRACKS APPEARS SUITABLE FOR ABOUT THE SAME

NUMBER OF PERSONNEL AS COULD PREVIOUSLY HAVE BEEN ACCOMMODATED IN THE TENT

CAMPS, CONSIDERING THE DIFFERENCES IN LIVING CONDITIONS WHICH SUCH A CHANGE

WOULD PROBABLY BRING ABOUT. QUANTITIES OF TENTS HAVE NOT BEEN OBSERVED AT

SHAN TAN AREA B SINCE

AT WHICH TIME THE MAJORITY OF THE PERMANENT

BUILDINGS APPEARED COMPLETED.

3. THE PHOTOGRAPHY OF THE SHAN TAN SAM TRAINING FACILITIES ACQUIRED THUS
FAR IN 1970 INDICATES THAT THE AREAS ARE ACTIVE AGAIN. LAUNCH SITES B AND D

TOP SECRET RUFF

AT TRAINING AREA B WERE OCCUPIED IN	AND IN	25X1 25X1
WHEREAS IN	OF LAST WINTER	25X1
TRAINING AREA B WAS UNOCCUPIED WHEN OBSERVED. AT TRAININ	NG AREA A ON THE	25X1
PHOTOGRAPHY, A NEW SA-2 SITE WITH REVETTED LAUNCH POSITION	ONS AND A GUIDANCE	
AREA WAS UNDER CONSTRUCTION OUTSIDE THE SOUTHWEST CORNER	OF THE TRAINING AREA.	
IN ADDITION A TRAINING SITE HAD BEEN ESTABLISHED INSIDE	THE NORTHWEST CORNER	
OF THE TRAINING AREA. THIS REPRESENTS THE MOST NEW CONST	RUCTION AND ACTIVITY	!
THAT HAS BEEN OBSERVED AT SHAN TAN AREA A SINCE ABOUT MID-	-1966. WE ARE	
CURRENTLY PREPARING A NOTE ON THE SIGNIFICANCE OF THESE N	EW DEVELOPMENTS.
